

Parent guide to Tapestry for Remote Learning

Signing in.

If you have forgotten your login details please click on forgotten password to reset. Your username will be your email address which you provided to set up the account.

If you have tried this and are still having problems please contact your class teacher.

Remote learning.

Remote Learning will be uploaded as a word document onto tapestry each week. To access this you will need to log in to your Tapestry account and go to documents and locate the correct weeks work. This video explains more about how to access the documents section of tapestry:

https://www.youtube.com/watch?v=Ewchb7OAY_8

Once you have located the correct document, all of the learning activities are accessible from here. You will find links to phonics videos and lessons. Once you have completed the learning tasks we ask that you share your work with us each day in the form of an observation. Please title your observation with the date and Remote Learning. You can then add photos and videos and notes in the same way as you do for homework. This video explains more about how to create an observation: <https://www.youtube.com/watch?v=espJ96TJHV8&t=3s>

We may also send important messages via memos. This video explains how to locate memos.
